A passionate vis dev artist/background designer who aims to create memorable and engaging characters and worlds that captures storytelling through design.

His time in Materials Engineering equipped him with an attention to detail and a methodical approach to problem solving that is now applied to his design process and his work.

EXPERIENCE

Moon Girl and Devil Dinosaur / Flying Bark Productions

2D Background Layout Artist | JUN 2023 – Present

- Designed backgrounds based off of the storyboards and reference, and prepared the files to be ready for paint.
- Designed various graphic cards, burst cards and rolling cards to fit the action and location of the shot.

Marvel What If...? / Flying Bark Productions

2D Background Layout Artist | JUL 2022 – MAY 2023

- Designed backgrounds using a 3D blockout of the scene as a base, and prepared the files to be ready for paint.

Koala Man / Princess Bento

Background Designer | OCT 2021 – MAY 2022

- Designed and painted backgrounds for an adult animated series.

100% Wolf: The Book of Hath / Flying Bark Productions

Prop & Set Designer | AUG 2021 – SEP 2021

- Designed and painted props and sets for a 3D kids animated series.
- Created turnarounds, call outs, set breakdowns and texture briefs to be referenced for creating 3D models.

The Strange Chores – S2 / 12Field Animation

Background Designer | AUG 2020 – FEB 2022

- Designed and painted backgrounds in the show's style for a kids animated series.
- Created reference for the props department for moving background elements.

Chronicles of Frank / 12Field Animation

Background Designer | AUG 2020

- Designed and painted backgrounds for the pilot of an adult animated series.
